154	290.1	290.1	248	1180	7.6	580

PARK TWIN

This ability to load and snap from the core opens the door to incredible versatility for tricks and turns with the Park Twin.

- The hybrid shape makes a snowboard more lively
- High quality poplar core keeps its shape well and gives a lively feeling
- Strong full wrap edges

DDP • Slightly stiffer flex is quite responsive and forgiving •

ABS sidewall / Sanwich Construction
